The report reflects a % of each model year from the Total number of cars reported by the company in the specific range by province and type of use : Private Passengers, Motorcycles, ATV's and Snowmobiles.
Report # 5	Distribution of number of cars by coverage	Determine the distribution of number of cars by coverage by province, Private Passengers only.

Report Number	Profile	Description
		Includes individually rated vehicles reported with Type of Business 4, for a specific range of Entry Dates
Report # 6	Distribution of exposure by coverage/driving record versus claim count (Private Passengers)	Determine the exposure versus claims by driving record – Private Passengers only, by coverage and province, for a specific range of Entry Dates
Report # 7	Distribution of exposure by coverage/driving record versus claim count (Commercial)	Determine the exposure versus claims by driving record – Commercial Type of use only, by coverage and province, for a specific range of Entry Dates.
Report # 8	Distribution of exposure by coverage/driving record versus claim count (Motorcycles, ATV's and Snowmobiles)	Determine the exposure versus claims by driving record – Motorcycles, ATV's and Snowmobiles only, by coverage and province, for a specific range of Entry Dates.
Report # 9	Distribution of exposure by coverage/driving record versus claim count (All Others)	Determine the exposure versus claims by driving record – All Other classes, by coverage and province, for a specific range of Entry Dates.
Report # 9	Distribution of exposure by coverage/driving record versus claim count (All Others)	Determine the exposure versus claims by driving record – All Other classes, by coverage and province, for a specific range of Entry Dates.
Report # 10	Distribution of Number of cars by vehicle code	Determine the distribution of number of cars by vehicle code based on TPL only, by province and Private Passenger, Motorcycle, ATV's and Snowmobiles.
Report # 11	Distribution of Claim Count "1" On coverage and KOL	Determine the distribution of Claim Count '1', by province, coverage and kind of loss. One report for paid Losses and one for Reserves.
Report # 12A	Distribution of Number of Claims by Claim Count '1' by coverage (paid loss + expense) Kind 2	Determine distribution of claim count by coverage and province – Paid Losses
Report # 12B	Distribution of Number of Claims by Claim Count '1' by coverage (paid loss + expense) Kind 3	Determine distribution of claim count by coverage and province – Outstanding
Report # 13	Claims in Last 6 Years/Years claim Free	Premium only – Distribution of

Report Number	Profile	Description
		exposure related to the Number of Claims in the last 6 years versus Years of Claims Free - Private Passenger type of use
Report # 13A	Claims in Last 6 Year/Years claim Free (motorcycles)	Premium only – Distribution of exposure related to the Number of Claims in the last 6 years versus Years of Claims Free - Motorcycle type of use
Report # 14	Years of Claims free/Years licenced	Premium only – Distribution of exposure related to the Number of Years Licensed versus Years of Claims Free - Private Passenger type of use
Report # 14A	Years of Claims free/Years licenced (motorcycles)	Premium only – Distribution of exposure related to the Number of Years Licensed versus Years of Claims Free - Motorcycle type of use
Report # 15	Years Licenced/Driving Training	Premium only – Distribution of exposure related to the Number of Years Licensed versus Driving training - Private Passenger type of use excluding Occasional Drivers
Report # 15A	Years Licenced/Driving Training (motorcycles)	Premium only – Distribution of exposure related to the Number of Years License versus Driving training Motorcycles
Report # 15B	Years Licenced/Driving Training (occasional operators)	Premium only – Distribution of exposure related to the Number of Years Licensed versus Driving training - Occasional Drivers
Report # 16	Number of Operators/Operators with minimum Years	Premium only – Distribution of exposure related to the Number of Operators versus Operators with minimum Years Licensed - Private Passenger type of use excluding Occasional Drivers
Report # 16A	Number of Operators/Operators with minimum Years (Occasional Operators)	Premium only – Distribution of exposure related to the Number of Operators versus Operators with minimum

Report Number	Profile	Description
		Years Licensed - Occasional Drivers
Report # 17	Distribution of exposure/Claim Count – occasional driver	Determine the distribution of number of cars, written premium, average premium and claim count by coverage , type of use and Province for the Occasional Operator
Report # 18	AGE/ Years licenced	Premium only - Determine the distribution of Rated Operator age versus the Rated Operator Years Licensed for Private Passengers only excluding Occasional Drivers
Report 18A	AGE/ Years licenced for (Motorcycles)	Premium only - Determine the distribution of Rated Operator age versus the Rated Operator Years Licensed for Motorcycle type of use
Report 18B	AGE/ Years licenced for Occasional operators	Premium only - Determine the distribution of Rated Operator age versus the Rated Operator Years Licensed for Occasional Drivers
Report #19	List of valid vehicle codes attached to VINs reported with “P” codes	????
Report # 20	Error File	
Report # 21	Total loss indicator by province – PAIDs	Distribution of Claim Count and Loss Amount for the Total Loss Indicator broken down by Province – Paid Losses
Report # 21	Total loss indicator by province – PAIDs	Distribution of Claim Count and Loss Amount for the Total Loss Indicator broken down by Province – Paid Losses
Report # 21A	Total loss indicator by province - OUTSTANDING	Distribution of Claim Count and Loss Amount for the Total Loss Indicator broken down by Province – Reserves
Report # 22	Total loss indicator by coverage (Partial or Total Loss by Province) -PAIDS	Distribution of Claim Count and Loss Amount for the Total Loss Indicator broken down by Province by Coverage – Paid Losses
Report # 22A	Total loss indicator by coverage (Partial or Total Loss by Province) –OUTSTANDINGS	Distribution of Claim Count and Loss Amount for the Total Loss Indicator broken down by Province by Coverage –

Report Number	Profile	Description
		Reserves
Report # 23	Policy Vehicle Status by province	Distribution of exposure for the Policy Vehicle Status with break down by Type of use by Province, excluding attached trailers.
Report # 24	Status of Outstanding Error File by province	Suspended
Report # 25	Distribution of UITS transaction type for claims (Salvage, Recoveries) – PAID	Distribution of Claim Count and Loss and Expense amount for UITS transaction code S = Salvage, R= Recovery, by province and kind of loss. (Paid Loss)
Report 26	Distribution of exposure versus claims for “Other Operators – Years Licensed combination broken down by coverage by province	Determine the distribution of claim count ‘1’ versus exposure and frequency, for other operators versus years licensed of the other operator, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 27	Distribution of exposure versus claims for “Principal Operator – Years Licensed broken down by coverage by province	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Years Licensed, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 28	Distribution of exposure versus claims for “Principal Operator – Driver Training broken down by coverage by province	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Driver Training, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 29	Distribution of exposure versus claims for “Principal Operator – Vehicle Use broken down by coverage by	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Vehicle

Report Number	Profile	Description
	province	Use, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 30	Distribution of exposure versus claims for “Principal Operator – Number of Claims in the last 6 years broken down by coverage by province	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Number of Claims in the Past 6 years, by province. The coverage used in this report is Third Party Liability in all provinexcept Ontario and New Brunswick where we use Bodily Injury.ces
Report 31	Distribution of exposure versus claims for “Principal Operator – Number of Years of Claims free, broken down by coverage by province	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Number of Years of Claims Free, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 32	Distribution of exposure versus claims for Principal Operator by Age range	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Age based on Year of Birth, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 33	Distribution of exposure versus claims for Principal Operator by Gender	Determine the distribution of claim count ‘1’ versus exposure and frequency for the Principal Operator Gender, by province. The coverage used in this report is Third Party Liability in all provinces except Ontario and New Brunswick where we use Bodily Injury.
Report 34	Distribution of exposure versus claims	Determine the average premium per

Report Number	Profile	Description
	for Alberta Grid Indicator by Driving Record – PREMIUMS	vehicle by Grid Indicator, coverage and territory for the province of Alberta, per driving record – Kind 1
Report 34A	Distribution of exposure versus claims for Alberta Grid Indicator by Driving Record - PAID	Determine the average premium per vehicle by Grid Indicator, coverage and territory for the province of Alberta, per driving record – Kind 2
Report 34B	Distribution of exposure versus claims for Alberta Grid Indicator by Driving Record – OUTSTANDINGS	Determine the average premium per vehicle by Grid Indicator by coverage and territory for the province of Alberta, per driving record – Kind 3
Report 34C	Distribution of exposure versus claims for Alberta Grid Indicator by TPL limit – PREMIUM	Determine the average premium per vehicle by Grid Indicator by coverage and territory for the province of Alberta, per TPL Limit– Kind 1
Report 34D	Distribution of exposure versus claims for Alberta Grid Indicator by TPL limit – PAID	Determine the average premium per vehicle by Grid Indicator by coverage and territory for the province of Alberta, per TPL Limit – Kind 2
Report 34E	Distribution of exposure versus claims for Alberta Grid Indicator by TPL limit – OUTSTANDINGS	Determine the average premium per vehicle by Grid Indicator by coverage and territory for the province of Alberta, per TPL Limit – Kind 3
