BULLETIN NO.: DQ-2008-19

Updated Edition of the Edit Rules Documentation – Version 1.6

IBC is pleased to advise that the new edit rules, effective as of Entry Date January 2009, have been implemented in production as of December 15, 2008.

An updated version of the Edit Rules Documentation (Automobile Statistical Data Reporting Requirements), Version 1.6, is now available on Infosource, IBC's secure website, at <https://infosource.ibc.ca> under Publications > Manuals > Stat Plan and Edit Rules > Automobile Statistical Data Reporting Requirements or on IBC's website at http://www.ibc.ca/en/DQ_Management/.

A summary of the relevant changes can be found in the "Revision History" section of the manual, which is bookmarked for your reference.

Insurers are reminded to use the most up-to-date version of the combined Edit Rules Documentation for all data reporting requirements.

If you have any questions, please contact the staff reference listed below, at 416-445-5912 or 1-800-761-6703.

Bruce Johnston
Director, Data Processing
