

C9030 – Attached Trailer and Third Party Excess Liability Coverage vs. Vehicle Identification Number–VIN or First Party Vehicle Identification Number

Premium/Claim

VIN must be found in the VINlink database except for attached trailers and Third Party Excess Liability coverage.

Edit Procedure

IF **<Attached Trailer>** and **<Third Party Excess Liability Coverage>** have the values shown in the table below, then **Vehicle Identification Number - VIN** for premium transactions or **First Party Vehicle Identification Number** for claim transactions must have the corresponding value in the table.

<Attached Trailer > *	<Third Party Excess Liability Coverage> *	Vehicle Identification Number-VIN (UITS) First Party Vehicle Identification Number (UITS)
No	No	Valid VIN matches corresponding entry in VINLink Database

* refer to Appendix A – Edit tags for determination of **<Attached Trailer>** and **<Third Party Excess Liability Coverage>**.

Note: error code is assigned as follows:

- C9030 for:
 - Ontario Private Passenger vehicles with Policy Effective Date \geq 20020301 and for Private Passenger vehicles in other jurisdictions with Policy Effective Date \geq 20090101.
 - Motorcycles, ATVs and Snowvehicles in all jurisdictions with Policy Effective Date \geq 20100101
- C9030x for:
 - Ontario Private Passenger vehicles with Policy Effective Date $<$ 20020301,
 - Private Passenger vehicles for other jurisdictions than Ontario with Policy Effective Date $<$ 20090101
 - Motorcycles, ATV and Snowmobile Vehicles in all jurisdictions with Policy Effective dates $<$ 20100101.
