Listing of vehicles with IBC Approved Theft Deterrent Systems

Note to Consumers

Vehicles appearing on this listing have been approved by IBC as having met or exceeded the criteria outlined in the

“Standard for Automobile Theft Deterrent Equipment and Systems: Electronic Immobilization ULC-S338”

Vehicle manufacturers certify that the systems available in their Canadian marketed products:

- Meet the performance requirements of ULC-S338 (Theft Deterrent Standard).
- Are included as standard equipment in the models listed.
- Are available in the entire model year's production of the models listed.
- Not applicable to vehicles intended to be sold as fleet vehicles.

Effective September 1, 2007, Transport Canada will make it mandatory for all new cars, vans, light trucks and SUVs to be equipped with anti-theft electronic immobilizers. The following Canadian vehicle manufacturers have recently announced their plans to equip 2008 model vehicles in Canada with immobilizers meeting the requirements of the National Standard of Canada (ULCS338/98):

- | | |
|-------------------|-----------------|
| - Audi | - Land Rover |
| - DaimlerChrysler | - Mercedes-Benz |
| - Ford | - Nissan |
| - General Motors | - Saab |
| - Hyundai | - Subaru |
| - Jaguar | - Volkswagen |
| - Kia | - Volvo |

The information contained is sorted by Make, Model and Model Years. In some cases, the specific Model and Trim of the vehicle is listed when only these vehicles have the Approved Theft Deterrent System for those Model Years.

If you have any questions, please contact us at 416-362-9528 or toll free: 1-800-387-2880.
